Metropolitan Transportation Planning Process Certification

In accordance with 23 CFR 450.334, the Illinois Department of Transportation and the Kankakee Area Transportation Study, Metropolitan Planning Organization for the Kankakee, Illinois Urbanized Area, hereby certify the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

- 1) 23 U.S.C. 134, 49 U.S.C. 5303, and 23 CFR Subpart C;
- 2) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21; Executive Order 13166 (Limited English Proficiency) and Executive Order 12898 (Environmental Justice);
- 3) 49 U.S.C. 5332, Section 324 of Title 23 U.S.C. and the Older Americans Act (as amended 42 U.S.C. 6101) prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- 4) Section 1101 (b) of the SAFETY-LU (Pub. 109-59) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
- 5) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- 6) The provision of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 *et seq.*) and 49 CFR parts 27, 37, and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) regarding discrimination against individuals with disabilities.

STAFF AUTHORITY FOR AMENDMENTS TO THIS DOCUMENT

A resolution was passed by the Kankakee Area Transportation Study Policy Committee dealing with the power of staff to amend the **Transportation Improvement Program** at their July 17, 1996 meeting. The resolution reads as follows:

“Project implementation priority is given to the first year of the TIP. However, special circumstances may arise necessitating moving a second or third year project forward to the first year. When this occurs, such move will take place with no further action required of the Technical Advisory or Policy Committees. MPO staff at the next regularly scheduled meeting will advise the Technical Advisory and Policy Committee of the project advancement.”

FISCAL YEAR

The fiscal year used for the project listing in this document is the State of Illinois fiscal year, which runs from July 1 through June 30. It is understood that different fiscal years exist for every unit of local government, and for the federal funding from which the projects are funded, but the State of Illinois fiscal year will be used.

OBLIGATED PROJECTS

The current federal legislation regarding transportation, the SAFETEA-LU bill, requires that an annual list of projects which were obligated in the previous program year be shown in the Transportation Improvement Program document. At a minimum, this list should contain:

1. The project name and brief description;
2. The federal amount obligated;
3. The total project cost estimate;
4. The project sponsor; and
5. “Visualization” of the project(s).

The document is posted each year to the on-line website of the Kankakee County Planning Department at <http://planning.k3county.net>.

PUBLIC TRANSIT ELEMENT

This section of the report deals with two transit programs operating within portions of the Kankakee Urbanized Area. A rural transit service, operated through Kankakee County, through their service provider (SHOWBUS) operates with Section 5311 funding from the Federal Transit Administration, and with local matching funds. An urban transit service, operated through the River Valley **METRO** Mass Transit District, operates with Section 5307 funding from the Illinois Department of Transportation, and with local matching funds.

Both operations obtain capital funding assistance through the FTA and IDOT, with the rural service utilizing Section 5311 funding, and the urban service using Section 5307 funding. Discretionary capital funding is available to the urban service through the use of Section 5309.

HIGHWAY ELEMENT

The **FY 2009 Transportation Improvement Program** is fiscally constrained in the Annual Element. The Table below shows the historical allocations and expenditures for the Kankakee Area Transportation Study. It also shows expected funding available in FY 2009 and future years.

The funding category shown in the following table is only for the Surface Transportation Planning funding – Urban (STPU) dollars.

ALLOCATIONS AND EXPENDITURES

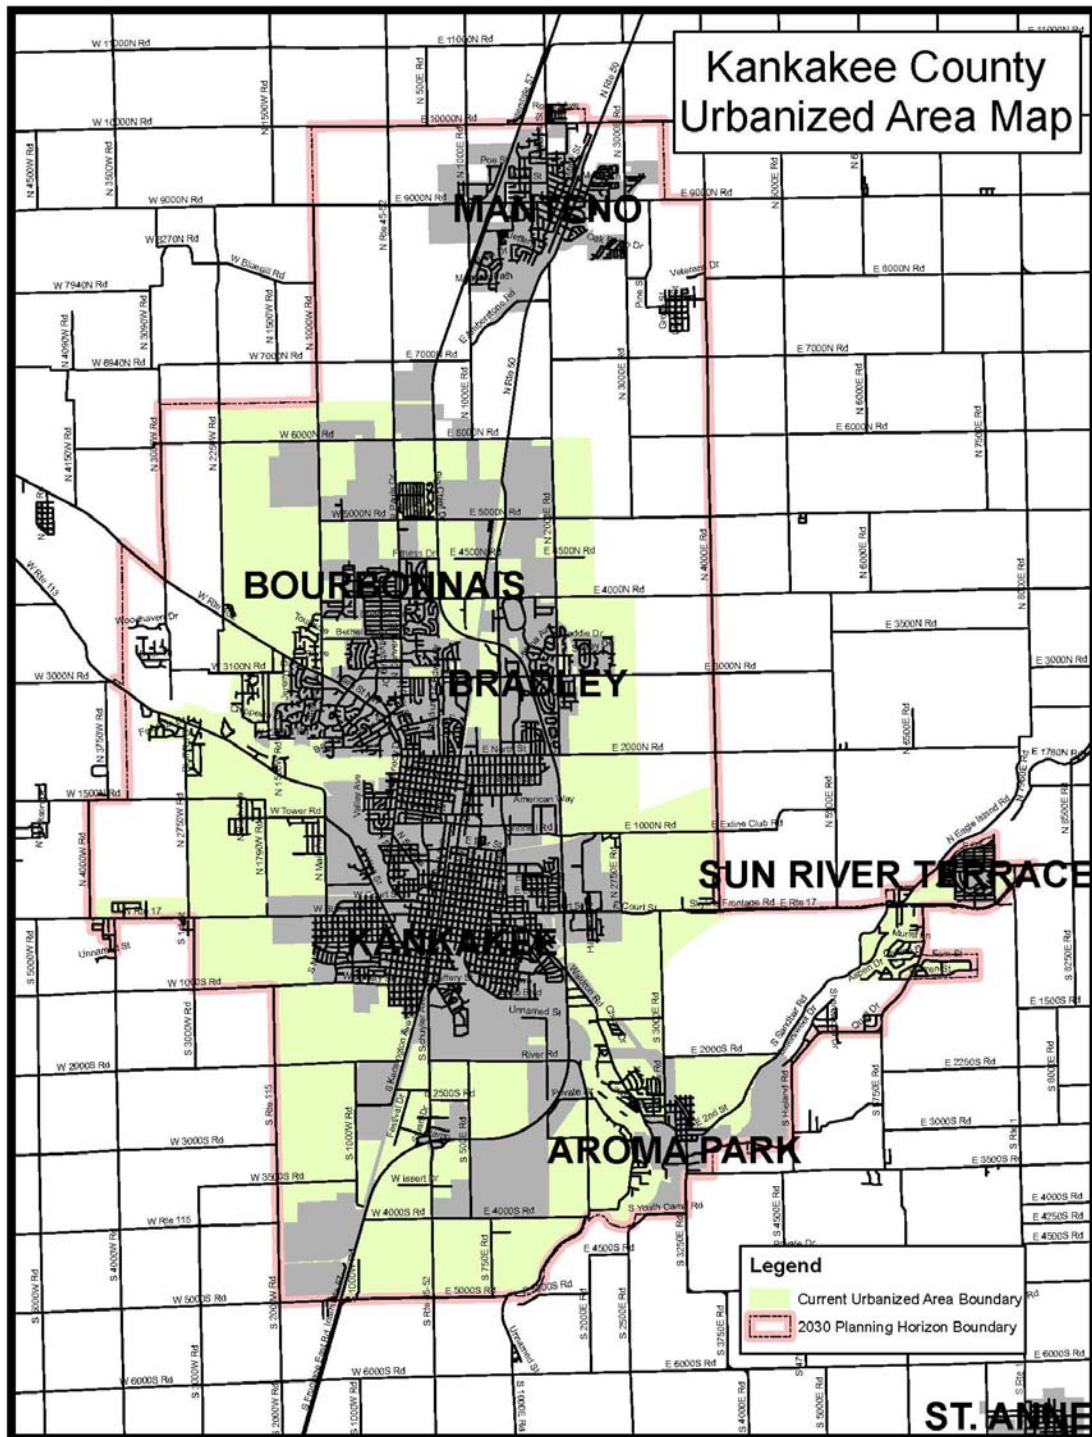

YEAR	ALLOCA-TION	EXPEN-DITURE	RUNNING TOTAL	PROJECT	JURIS-DICTION

MPO Boundaries

The map on the following page shows the boundaries of the Kankakee Area Transportation Study as they currently exist. The map also shows the 2030 Planning Horizon Boundary, which the current Long-Range Plan assumes will be the Urbanized Area boundaries in the year 2030. All of the projects in the **FY 2009 Transportation Improvement Program** are within the boundaries shown as current on the map on the following page.

The next change in the Urbanized Area map will be as a result of the 2010 Census.

CITIZEN PARTICIPATION AND TITLE VI REPORT

Purpose

The purpose of this report is to provide information required by the Citizen Participation and Title VI requirements of the Transportation Efficiency Act of the 21st Century (TEA 21). Title VI of the Civil Rights Act (42 U.S.C. 2000-1) states the “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, or activity receiving Federal financial assistance.”

The Executive Order on Environmental Justice further amplified Title VI by providing that “each Federal agency shall make achieving environmental justice part of it’s mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of it’s programs, policies, and activities on minority populations and low-income populations.”

Description of the Metropolitan Planning Organization

The Metropolitan Planning Organization (MPO) is comprised of the Mayors and Village Presidents of the municipalities of Aroma Park, Bourbonnais, Bradley, and Kankakee; the Chairman of the Kankakee County Board, and the District Engineer of the Illinois Department of Transportation, Division of Highways/District 3. The MPO Policy Committee is advised by the Technical Advisory Committee, comprised of the engineers who are appointed by the individual members of the MPO Policy Committee.

The Kankakee County Planning Department is the agency that carries out the technical planning functions of the MPO for the Kankakee Urbanized Area. Each year (except where noted below) the Planning Department, or Kankakee Area Transportation Study (KATS), works under the direction of the MPO to develop and publish the following:

- Transportation Improvement Program (TIP)
- Unified Work Program (UWP)
- Citizen Participation and Title VI Report
- Long-Range Plan (LRP) (done on a four year cycle)
- Special studies as directed by the MPO and IDOT

Citizen Involvement and Participation

Numerous public meetings on various topics have been held or attended by KATS staff from July 1, 2007 through the writing of this report (June 1, 2008). Through the end of June, 2008, it is anticipated that the public was in attendance or invited to attend at least 169 meetings. Listed below are the meetings attended by KATS staff and the dates on which they were held.

Kankakee County Board Meetings (12)		
July 10, 2008	November 13, 2007	March 11, 2008
August 14, 2007	December 11, 2007	April 8, 2008
September 11, 2007	January 8, 2008	May 13, 2008
October 9, 2007	February 13, 2008	June meeting on June 10

Kankakee County Planning, Zoning and Agriculture Committee Meetings (19)		
July 5, 2007	November 14, 2007	April 25, 2008
July 27, 2007	November 28, 2007	May 14, 2008
August 15, 2007	December 12, 2007	May 28, 2008

Public Participation Plan

The Kankakee County Planning Department, acting as the Metropolitan Planning Organization (MPO) for the Kankakee, Illinois Urbanized Area and through the Policy Committee of the Kankakee Area Transportation Study (KATS), adopts the following Plan to promote public involvement in transportation planning.

The intent of the Kankakee Area Transportation Study Participation Plan is to provide a process for meaningful public input into transportation decision-making. This process includes offering reasonable opportunities for the public to be informed and involved in the development of transportation plans and programs in the metropolitan area. Proactive outreach to educate and inform the public about transportation issues and options, and to elicit input from the public on transportation issues, is integral to the process. Consistent with the principles underlying SAFETEA-LU, outreach is conducted early in the planning process, and is designed to ensure participation by traditionally underserved populations. The metropolitan transportation planning area refers to the City of Kankakee, the Villages of Aroma Park, Bourbonnais, and Bradley, and the adjoining portions of Kankakee County anticipated to be developed over the next 20-year period, and as defined in the Long Range Transportation Plan.

Therefore, the Kankakee County Planning Department shall provide a reasonable opportunity to comment on proposed plans for citizens, affected public agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of pedestrian and bicycle transportation facilities, representatives of persons with disabilities, and other interested parties.

Components or objectives of the existing public involvement process followed by the Kankakee County Planning Department have been revised to incorporate elements required of a Participation Plan process by 23 CFR Part 450.316 pursuant to Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), (Public Law 109-59, August 10, 2005). Sections A through C of the Participation Plan address the participation process. Section D addresses the agency consultation process required by SAFETEA-LU of the metropolitan transportation plans and programs.

Section A: Participation Plan Elements

1. Public notification will be provided not fewer than 15 days nor more than 30 days in advance of consideration of action by the Policy Committee of the Kankakee Area Transportation Study on proposed long range (metropolitan) transportation plan updates, transportation improvement programs, and amendments to these planning documents.
 - a. To provide time for full public review and comment on the draft participation plan, and pursuant to 23 CFR §450.316(a)(3), public notification will be provided no less than 45 days in advance on consideration of action on this document by the Policy Committee of the Kankakee Area Transportation Study.
 - b. The draft Transportation Improvement Program (TIP) will be reviewed by members of the Technical Advisory Committee and will be made available to the

general public, as specified below, for review and comment. Pursuant to 23 CFR 450.316(b)(1)(iv), the public review and comment period will extend a minimum of 30 days. Comments during the thirty-day period should be submitted in writing. One public hearing for the TIP will be held prior to its adoption, during which public comments will also be received. A public meeting will be held for TIP amendments as required pursuant to 23 CFR 450.104. Events defined as requiring an amendment to the TIP include major changes to a project, including the addition or deletion of a project or a major change in project cost, project/phase initiation dates, or a major change in design concept or design scope.

- c. The Long Range Transportation Plan will be available to the general public for a 45 day review and comment period. A public hearing on the Long Range Plan will be held prior to its adoption.
2. A meeting notice will be provided electronically to local news media one week in advance of each regular Technical Advisory meeting and Policy Committee meeting. Reasonable access to available information about MPO sponsored transportation studies in the metropolitan area will also be provided.
3. Available resources, including web-based mapping, published maps and illustrations and other graphic data will be used by the MPO to visually convey information related to and improving understanding of metropolitan transportation plans and programs.
4. Public information related to transportation plans and programs and meeting notices of the Kankakee Area Transportation Study will be provided electronically on the World Wide Web, www.planning.k3county.net, including draft and final versions of the Participation Plan. The website will also provide meeting agendas and minutes, information on the purpose, programs and structure of the Kankakee County Planning Department, information on MPO planning projects and studies, and contact information for MPO staff.
5. Public meetings sponsored by the Kankakee County Planning Department will be held at convenient locations and times. A citizen information period will be provided during each regular MPO meeting.
6. Public input received during the development of the metropolitan transportation plan and the transportation improvement program will be given consideration by the MPO. Significant public comments received will be reported by staff to the Technical Advisory Committee and the Policy Committee.
7. Outreach efforts seeking input on metropolitan transportation plans and programs from low income and minority households traditionally underserved by existing transportation systems will be continued and documented. All public participation activities of the Kankakee County Planning Department shall be conducted to permit involvement by persons with disabilities, and by persons with limited English proficiency (by special arrangement).
8. Public notices advising citizens in the metropolitan area of the availability of draft transportation plans and transportation improvement programs in local public libraries will be continued. Additional opportunity for public comment will be provided if the provided if the final metropolitan transportation plan or transportation improvement program differs significantly from the version initially made available for public review.

9. The implementation of the Kankakee County Planning Department Participation Plan will be coordinated with the statewide transportation planning public involvement and consultation processes developed, as appropriate, with agencies and officials responsible for other planning activities within the metropolitan area that are affected by transportation.
10. The overall effectiveness of procedures and strategies contained in the Participation Plan to ensure a full and open participation process will be reviewed periodically by the Kankakee County Planning Department.

Section B: Disposition of Significant Comments

1. When significant comments are received on the draft Long Range Transportation Plan or the Transportation Improvement Program as a result of the Participation Plan, a summary, analysis, and report on the disposition of comments shall be made as part of the final Long Range Plan and Transportation Improvement Program.

Section C: Agency Consultation on Other Planning Activities

1. As the transportation plan and the transportation improvement program are developed, the MPO shall consult, as appropriate, with agencies and officials responsible for other planning activities in the metropolitan area affected by transportation in order to coordinate planning functions to the maximum extent practicable. Contributions involve the formulation of regional and local planning and development policy, and the implementation of program and project objectives are possible consultation issues.
2. The Kankakee County Planning Department process for public review, participation and comment on the Transportation Improvement Program serves as the public participation process for the River Valley METRO Mass Transit District Program of Projects.
3. The nature of the consultation shall include comparison of metropolitan plans and transportation improvement programs, as they are developed, with the plans, maps, inventories, and planning documents developed by other agencies.
4. Interested parties, public and private, responsible for planned growth, economic development, environmental protection, airport operations, freight movements, land use management, natural resources, conservation, and historic preservation in the Kankakee Area Transportation Study shall be included in the planning consultation process, as appropriate. Interested parties whose early and continuous involvement shall be sought include but are not limited to affected public agencies, representatives of public transportation users and employees, freight shippers and providers of freight transportation services, private providers of transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and citizens. Interested parties shall have access to timely information about transportation issues and decision-making processes and to avenues for direct involvement in the transportation planning process.
5. Metropolitan transportation plans and transportation improvement programs shall be developed with consideration for governmental agencies and non-profit organizations

receiving federal assistance from a source other than the U.S. Department of Transportation for the design and delivery of non-emergency transportation services.

6. The MPO, in cooperation with the federal Highway Administration, shall provide to all interested parties access to an annual listing of Federally Obligated Projects.
7. The MPO will consider the future development of an operations plan for consulting with other governmental agencies responsible for the development of plans affected by transportation in the metropolitan area.

Section D: Public Participation Plan Evaluation

1. Pursuant to 23 CFR 450.316(a)(1)(x), the Kankakee County Planning Department shall conduct periodic review of public participation activities and initiatives, and shall revise or amend the Public Participation Plan as needed to enhance public participation in the transportation planning process.
2. Distribution of the Kankakee County Planning Department electronic newsletter shall be monitored, and changes in the volume distributed assessed. The newsletter is disseminated as an electronic document via the World Wide Web.
3. Postings to the Planning Department website shall be inventoried and monitored to assess completeness, timeliness and ease of access. Technology to assess frequency of website viewings shall be used to evaluate the impact of the website in providing information and participation opportunities to interested parties and the public.
4. All meeting agendas and minutes of the Technical Advisory Committee and Policy Committee shall be made available on the Commission website. As practicable, supporting documentation cited in agendas and minutes shall also be made available through the website. Website postings relating to the Committees shall be monitored and evaluated pursuant to Section D, paragraph 3, above.
5. The Kankakee County Planning Department shall conduct ongoing assessment of the implementation of the Public Participation Plan elements as set forth in Section A, paragraphs 1-10, above.
6. In addition to the evaluation described in paragraph 5, above, evaluation criteria shall include the elements presented in Table 1, below, which shall be considered by the Kankakee County Planning Department, the Technical Advisory Committee and the Policy Committee in assessing the Public Participation Plan:

Table 1		
Participation Tool	Quantitative	Qualitative
Mailing Lists	Number of Additions to Mailing List Diversity of Representation Quantity of Educational Materials Distributed	Concise and Clear Information Portrayed Effectiveness of Newsletter Format
Public Forums	Number of Events/Opportunities for Public Participation Number of Comments Received Number of Participants Number of Methods Used to Reach Disadvantaged and/or Disabled Citizens Diversity of Attendees	Effectiveness of Meeting Format Public Understanding of Process Quality of Response Obtained Timing of Public Participation Meeting Convenience, i.e. Time, Location and Accessibility Use of Public Input in Developing Plan
Planning Department/Committee Meetings	Number of Comments Received Number of Participants Number of Methods Used to Reach Disadvantaged and/or Disabled Citizens Diversity of Attendees	Effectiveness of Meeting Format Public Understanding of Process Quality of Response Obtained Meeting Convenience, i.e. Time, Location and Accessibility Use of Public Input in Developing Plan
Planning Department Website	Number of MPO Documents Number of Site "Hits" per Quarter Number of Comments and Suggestions Submitted	Timeliness of Document Updates Announcement of Meetings Accessibility of Information (Site Format) Quality of Response Obtained

7. The Public Participation Plan shall be reviewed every five years (from date of first adoption) by the staff of the Kankakee County Planning Department to assess the effectiveness of its procedures.
 - a. Staff shall submit recommended revisions or amendments to the Technical Advisory Committee and Policy Committee.
 - b. Pursuant to 23 CFR 450.316(a)(3), action by the Technical Advisory Committee and Policy Committee to adopt revisions to or amendments of the Public Participation Plan shall be preceded by a period of public review and comment of not less than 45 days.

Section E: Interested Parties/Identified Stakeholders

The member agencies of the Kankakee Area Transportation Study are the following:

The Village of Aroma Park
The Village of Bourbonnais
The Village of Bradley
The Illinois Department of Transportation
The City of Kankakee
The County of Kankakee
The River Valley METRO Mass Transit District

As other agencies are identified as interested parties and identified stakeholders, they will be added as a separate listing from the member agencies.

Statement/Other Information:

This project will upgrade and improve the existing collector street from 2 lane rural cross-section to a three (3) lane urban cross-section with curb and gutter, sidewalk, multi-use path, and storm sewers. The improvements will enhance traffic movement between existing and proposed subdivisions on Larry Power Road and Armour Road and retail traffic generators including Northfield Square Mall on Illinois Route 50. The project limits are from 114' North of Armour Road (end of previous improvements done by the county) to 370' South of Larry Power road (end of improvements being done by others).

Statement/Other Information:

The areas north and south of Burns Road are predominately residential. Construction of Burns Road will provide a collector for the street connections from the adjacent subdivisions. Burns Road will collect the traffic and convey it to either Career Center Road or US 45/52. Burns Road will, also, provide a cross connection between the two north-south routes.

FY 2009-2012 IDOT Transportation Program

Dear Mr. Lammey:

Attached for your review and inclusion in the Kankakee TIP are the state of Illinois' transportation projects programmed for the urbanized area within the fiscal years 2009 through 2012. Be advised that implementation of the listed projects are contingent upon the approval of the Governor and the Illinois General Assembly and the appropriation of the required funding.

Feel free to contact Lou Paukovitz if you have any questions regarding this matter.

Sincerely,

George F. Ryan, P.E.
Deputy Director of Highways,
Region Two Engineer

PUBLIC NOTICE FOR FY 2009 TRANSPORTATION IMPROVEMENT PROGRAM

The Kankakee Area Transportation Study has developed a FY 2009 Transportation Improvement Program for the area, which lists highway and transit projects for the next four (4) years which utilize Federal and State funding.

This document is now in a public participation phase in which public comment is encouraged. Please stop in any time Monday through Friday from 8:30 A.M. to 4:30 P.M. at the offices of the Kankakee County Planning Department, 189 E. Court Street, Kankakee, Illinois 60901 or call (815) 937-2940.

Written comments are encouraged and will be presented to the Policy Committee at their June 25, 2008 meeting. Copies of the document are available for inspection in the office or through special arrangements for purchase or loan. The document will be available to view after May 8, 2008 on the Kankakee County Planning Department web site: <http://planning.k3county.net>

NOTE: The public involvement activities and time established for public review and comment on the TIP will satisfy the program of projects requirements of the Urbanized Area Formula Grant Program (19 USC Section 5307) for FTA grants in the River Valley METRO Mass Transit District.
