FISCAL YEAR 2009

UNIFIED WORK PROGRAM

FOR TRANSPORTATION PLANNING FOR THE KANKAKEE METROPOLITAN AREA

INTRODUCTION

This report and attached tables comprise the Unified Work Program (UWP) for the Kankakee Area Transportation Study (KATS) for FY 2009 (July 1, 2008 through June 30, 2009). The following agencies perform transportation planning within the Kankakee metropolitan area, their work is coordinated through the UWP, and they have agreed to cooperate and work toward completing the proposed products of this work program:

- Village of Aroma Park
- Village of Bourbonnais
- Village of Bradley
- Illinois Department of Transportation
- City of Kankakee
- Kankakee County
- River Valley METRO Mass Transit District

Kankakee County has been designated as the “lead agency” and will coordinate the work and ensure compliance with State and Federal requirements.

The transportation planning outlined in this work program is funded through two federal subsidies. They are:

1. FHWA PL Funding. PL (Planning) funds provided through the Federal Highway Administration (FHWA) are allocated to KATS by the Illinois Department of Transportation (IDOT). PL funds are aimed at transportation planning for primarily highway needs, but can also be used for other related transportation planning work. The allocation to KATS for FY 2009 is \$160,807. There is also \$2,138 available in carryover funding from past years, bringing the total PL funding for FY 2009 to \$162,945.
2. FTA Section 5303. Section 5303 funds provided through the Federal Transit Administration (FTA) are annually allocated to KATS by IDOT and are aimed at transportation planning needs related to public transit, both rural and urban. The allocation to KATS for FY 2009 is \$32,587. There is also \$7,082 available in

carryover funding from past years, bringing the total Section 5303 funding for FY 2009 to \$39,669.

The above funding is provided to KATS on the condition that it is matched by 20 percent local funding. As the lead agency, Kankakee County has historically funded the 20 percent, and will again do so in FY 2009.

The funding amounts for work products are given in tables attached at the end of this report. In most cases, several work products are lumped together because of uncertainties regarding the time needed to accomplish single tasks. Other work products have specific target dates. Amendments may become necessary as the annual work progresses, and the nature and extent of the tasks become more apparent.

PLANNING PRIORITIES

The Planning Services contract between IDOT and the Kankakee County Planning Department will require two documents to be delivered by specific dates in FY 2009. The Unified Work Program (UWP) requires the delivery of a draft document at the March MPO meeting, and a final document at the May MPO meeting. The Transportation Improvement Program (TIP) requires the delivery of a draft document at the May MPO meeting, and a final document at the June MPO meeting.

The Long-Range Plan (LRP) will be due for approval in October of 2009, after the close of FY 2009. It is anticipated that a draft Long-Range Plan document could be brought before the June MPO meeting.

Continuing planning efforts for transit activities, both urban and rural, are underwritten in the work element Transit Technical Assistance (TTA). Continuing efforts at soliciting public opinion are underwritten in the work element Public Involvement (PI). A number of local priority projects are included in the Planning Services (PS) work element.

Staff effort in Graphic Support (GS) and Secretarial Support (SS) are included in this work program, as are the efforts of administration, under the Program Administration (AD) work element.

Title VI of the Civil Rights Act (42 U.S.C. 2000-1) states that “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, or activity receiving Federal financial assistance.”

The Executive Order on Environmental Justice further amplifies Title VI by providing that “each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations.”

Title VI concerns will be addressed in the Public Involvement (PI) and Transportation Improvement Program (TIP) work elements of this Unified Work Program.

MPO – STATE – TRANSIT OPERATORS AGREEMENT

The federal Metropolitan Planning Rule calls for agreements between the state and the MPO and between the operators of publicly owned transit services and the MPO concerning responsibilities for carrying out transportation planning, specifically 23 CFR § 450.310 (a) and (b). Part (a) calls for an agreement between the state and the MPO on “the responsibilities for cooperatively carrying out transportation planning (including corridor and subarea studies) and programming...”. Part (b) calls for a similar agreement between the MPO and operators of publicly owned transit services. Part (d) states to the extent possible there should be one cooperative agreement. Part (e) states that these requirements “may be satisfied by including the responsibilities and procedures for carrying out a cooperative process in the unified work program...”.

The Policy Committee is the governing body of the Kankakee Area Transportation Study, the Metropolitan Planning Organization (MPO) for the greater Kankakee area. The Illinois Department of Transportation (IDOT) which represents the state of Illinois has a voting representative on the Policy Committee. The River Valley METRO Mass Transit District is represented on the Policy Committee by a non-voting member. The interests of each concerning transportation planning and programming are principally served by their membership on the Policy Committee. The specific responsibilities and procedures for carrying out a cooperative process for the next fiscal year are delineated by the project and study descriptions in each years’ Unified Work Program document.

It is hereby agreed that the responsibilities in the next fiscal year (July 1, 2008 to June 30, 2009) for cooperatively carrying out transportation planning (including corridor and subarea studies) and programming are as described in the project and study descriptions in the **FY 2009 Unified Work Program** for the Kankakee Area Transportation Study.
