UNIFIED WORK PROGRAM

FOR TRANSPORTATION PLANNING FOR THE KANKAKEE METROPOLITAN AREA

INTRODUCTION

This report and attached tables comprise the Unified Work Program (UWP) for the Kankakee Area Transportation Study (KATS) for FY 2017 (July 1, 2016 through June 30, 2017). The following agencies perform transportation planning within the Kankakee metropolitan area, their work is coordinated through the UWP, and they have agreed to cooperate and work toward completing the proposed products of this work program:

- Village of Aroma Park
- Village of Bourbonnais
- Village of Bradley
- Illinois Department of Transportation
- City of Kankakee
- Kankakee County
- Kankakee Valley Airport Authority
- Village of Manteno
- River Valley METRO Mass Transit District

Kankakee County has been designated as the “lead agency” and will coordinate the work and ensure compliance with State and Federal requirements.

The transportation planning outlined in this section of the work program is funded through two federal subsidies. They are:

1. FHWA PL Funding. PL (Planning) funds provided through the Federal Highway Administration (FHWA) are allocated to KATS by the Illinois Department of Transportation (IDOT). PL funds are aimed at transportation planning for primarily highway needs, but can also be used for other related transportation planning work. **The allocation to KATS for FY 2017 is \$201,169.**
2. FTA Section 5303. Section 5303 funds provided through the Federal Transit Administration (FTA) are annually allocated to KATS by IDOT and are aimed at transportation planning needs related to public transit, both rural and urban. **The allocation to KATS for FY 2017 is \$41,893.**

The above funding is provided to KATS on the condition that it is matched by 20 percent local funding. As the lead agency, Kankakee County has historically funded the 20 percent, and will again do so in FY 2017.

The funding amounts for work products are given in tables attached at the end of this report. In most cases, several work products are lumped together because of uncertainties regarding the time needed to accomplish single tasks. Other work products have specific target dates. Amendments may become necessary as the annual work progresses, and the nature and extent of the tasks become more apparent.

PLANNING PRIORITIES

The Planning Services contract between IDOT and the Kankakee County Planning Department will require two documents to be delivered by specific dates in FY 2017. The Unified Work Program (UWP) requires the delivery of a draft document at the March 2017 MPO meeting, and a final document at the May 2017 MPO meeting. The Transportation Improvement Program (TIP) requires the delivery of a draft document at the May 2017 MPO meeting, and a final document at the June 2017 MPO meeting.

New efforts established by MAP-21, the federal transportation bill, have established emphasis areas on performance based planning. In order to address these directives, the MPO has begun and will continue to perform travel time surveys. These surveys document transportation system performance along key travel corridors inside the metropolitan planning area. This data is collected in the spring and fall of each year.

Transportation safety performance measures, concerning fatalities and A-injuries from crashes, were also included in MAP-21. The MPO has been monitoring crash data as it becomes available to regularly update a crash database to stay current with these performance measures. The MPO will continue to track and analyze crash data to attempt to reach the safety goals of MAP-21 and the State of Illinois' goal toward zero traffic deaths.

The Long Range Plan (LRP) element requires that a long range transportation plan be adopted every five years. The current plan, 2040 Long Range Transportation Plan, was adopted in May 2015. This document will continue to be reviewed and updated/amended as needed and pertaining data to be maintained/updated. The Long Range Plan also includes areas where there are gaps in the transportation system with potential future projects.

Continuing planning efforts for transit activities, both urban and rural, are underwritten in the work element Transit Technical Assistance (TTA). Continuing efforts at soliciting public opinion are underwritten in the work element Public Involvement (PI). A number of local priority projects are included in the Planning Services (PS) work element.

The public involvement work element is the MPO's primary component in public outreach. This includes public notice of all meetings for the continuing, cooperative, and

comprehensive planning process of the MPO among its members, stakeholders, and the general public.

Staff effort in Graphic Support (GS) and Secretarial Support (SS) are included in this work program, as are the efforts of administration, under the Program Administration (AD) work element.

Title VI of the Civil Rights Act (42 U.S.C. 2000-1) states that “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, or activity receiving Federal financial assistance.”

The Executive Order on Environmental Justice further amplifies Title VI by providing that “each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations.”

Title VI concerns will be addressed in the Public Involvement (PI) and Transportation Improvement Program (TIP) work elements of this Unified Work Program.

WORK ELEMENT – UNIFIED WORK PROGRAM (UWP)

The Unified Work Program (UWP) document is prepared annually to coordinate and direct transportation planning in the Kankakee Urbanized Area. The UWP coordinates planning related to transit, highways, and other transportation modes. The program sub allocates the various funding sources described above among the various work elements and studies proposed for the year. Work in this element will develop the **FY 2018 Unified Work Program**, and complete and/or modify the **FY 2017 Unified Work Program**, as needed. The UWP identified responsibilities and expected work products (printed in **bold type**) throughout this report.

During FY 2017, a Unified Work Program for FY 2018 will be prepared and published. Kankakee County will be the responsible agency. As needed, amendments to this FY 2017 Unified Work Program will be made under this work element.

Timing for the UWP will be: production of a draft document for the March 29, 2017 meeting of the Kankakee Area Transportation Study Policy Committee, and production and approval of a final document for the May 10, 2017 meeting of the Kankakee Area Transportation Study Policy Committee.

Work in this element will develop the **FY 2018 Transportation Improvement Program** and complete and/or modify the **FY 2017 Transportation Improvement Program**, as needed.

During FY 2017, a Transportation Improvement Program for FY 2018 will be prepared and published. Kankakee County will be the responsible agency. Member agencies will be responsible for reporting progress on their programs at regular meetings of the Kankakee Area Transportation Study Policy Committee. As needed, amendments to this **FY 2017 Transportation Improvement Program will be made under this work element.**

Timing for the TIP will be: production of a draft document for the May 10, 2017 meeting of the Kankakee Area Transportation Study Policy Committee, and production and approval of a final document for the June 28, 2017 meeting of the Kankakee Area Transportation Study Policy Committee.

Total Indirect Expenses ÷ Total Direct Salaries = Indirect Rate

$$\mathbf{\$35,778 \div \$219,237 = 0.1632}$$

The tables on the following pages provide a breakdown of programmed indirect cost expenses by each work element outlined in the FY 2017 Unified Work Program. There is a table for each of the following: total expenses, PL expenses, FTA expenses, and the local share to match the federal funds.
